

MIDLANDS SHARED SERVICES FORUM 2017 YOUR INVITATION

We are delighted to invite you to the next Midlands Shared Services forum in Birmingham.

People are key to the success of any Shared Service Centre. The ability to identify talent at the start of their career and showcase shared services as a career of choice is something both Interserve and Bilfinger GVA have been able to achieve.

Kalbir Rai, Interserve FM's Head of P2P will explain how Interserve's finance operations have successfully developed and built up a finance talent pool since the creation of their Shared Service Centre and their successful partnership with BPP. Delivering a pipeline of strong individuals through leadership, mentoring and training to deliver tangible benefits to their wider business.

Sharon Walton, Senior Director COO Property Management Accounts GVA will then lead thought and discussion around the development of staff past their technical knowledge, including what opportunities are available to compliment technical CPD to grow your leaders and challenge you to think about your own personal development goals.

As always this will be a relatively informal event, with plenty of opportunities for discussion and networking.

There will be a limited number of places at the event, so please confirm your attendance as soon as possible.

We look forward to seeing you there.
