

# MIDLANDS SHARED SERVICES FORUM WEBINAR ONBOARDING IN 2022 YOUR WEBINAR INVITATION

At the start of the year, we set our stall out to focus on people across the Midlands Shared Services landscape, through a series of webinars. These popular and interactive sessions have covered topics such as challenges and opportunities in the changing workplace, people retention and recruitment. In the final leg of this journey, we will be placing a spotlight on onboarding.

Join us as we open our usual debate and welcome Liz Smith, Group People Shared Service Lead across the Halfords Group. Halfords Group hosts 13,000+ colleagues across their brands, making onboarding successfully a real challenge. Joining Liz on our panel will be Craig Scriven, Assistant HR Director from Birmingham City Council, who will share his insights and lessons on what outstanding onboarding looks like for their stakeholders.

At the end of our webinar, we will also share exciting news around our Midlands Shared Services Forum 2022 Awards in June. Reserve your place to ensure you don't miss out on this informative webinar.
