

# SUPPORTING YOUR STAFF WITH FINANCIAL WELLBEING

Join our interactive webinar for practical advice.

Join us for our latest event in partnership with the Midlands Shared Services Forum. 2023 has been a challenging year for many individuals with the increased cost of living. The latest findings of the Workplace Health Report reported that 1 in 5 employees stated that money worries have affected their ability to do their job. As we head into the winter months it is imperative that individuals are equipped with the resources to support employees with all aspects of wellbeing, in particular financial wellbeing.

During our interactive webinar we will be joined by Hannah Pearsall, Head of Wellbeing at Hays and Ryan Briggs, Founder of FinWELL, who will provide practical advice and resources of how to support your employees with their financial wellbeing during the winter months and beyond. FinWELL are an award winning provider of financial education and wellbeing and work with a plethora of organisations including Hays, NHS, Sky, Brewdog, DHL and Babcock to name a few. They offer a wealth of free resources to support you in the months and years to come.
